LONGSTITCH Whiskers with two ply Dark Grey, 414 on sweater, and with a single ply Deep Grey, 413, on pillow version.

*FILL IN rabbit diamonds with color indicated. The numbers in brackets () indicates the number of skeins needed to complete the sweater shown on the cover.

MODELS RABBIT ARGYLE is duplicate stitched on a flax-colored cotton/linen rollneck sweater from J. Crew (size: large). The gauge of the model sweater is listed in bold type. Stitching is worked in 12 ply floss. Place the top center diamond first, and position its top-most stitch seven inches below the neck seam. When all stitching is complete, attach 1/4 inch black button eyes as indicated.

RABBIT EARS: Cut three 32 inch lengths of 1 1/2 inch wide white ribbon. Join each pair of cut ends with a 1/4 inch seam. Fold each circle of ribbon in half so that the seam is at the center. Make an overhand knot at the center (the seam will be included in the knot). Adjust the knot such that all ribbon loops are equal. Attach the knots at the top markings on each rabbit diamond. Position each loop "ear" as desired and using thread to match the ribbon, tack in place to secure their position.

RABBIT ARGYLE is also shown on an Adam Original pink striped pillow with a 10 count cream Tula stitching area. The design is worked in four ply floss over one square. The "grey rabbit" diamonds are stitched in equal amounts of floss and grey Whisper® #W98 [one of each on 10

count]. Instead of button eyes, each of these rabbits has two single stitch eyes of four ply Dark Grey, 413 worked at the solid square symbol. Finish by backstitching around each eye in four ply 413. **RABBIT EARS:** Use the same method outlined above. Choose a matching grey 5/8 inch wide ribbon. Cut each length of ribbon to measure 14 inches.
