MODEL

SAIL ON ... has as many applications as you have ideas. Worked on large count fabric such as ten count Tula or 18 count linen (over two threads), the design makes a great pillow, banner, or sign. Worked on finer count fabrics, you can fashion picnic linens or an insert for a fun summer tray. For the star on the navy sail, you might consider a large star button in place of the graphed star. The colors listed in the color code are merely suggestions. Please be encouraged to choose your favorite summer sailing colors. Think of the design as a coloring book and your thread as a new box of crayons.

Enjoy!
