OATMEAL & SHAMROCK MITTEN

SUGGESTIONS

"Oatmeal Mitten" can be worked on any count or color of fabric (maybe chosen to match a growing collection of mittens). Our fabric suggestion is R&R Reproductions "Korty's Special Blend" 30 count over-dyed linen as it has a wonderful rustic feel and color. "Dirty (brown)" linen will also work well. Whatever fabric you select, simply lay the floss against your fabric choice to check color compatibility. Substitute floss colors until you are pleased. For fun, we added the Just Another Button Company button listed above. Remember, there are many buttons from which to choose. Our mittens are traditionally finished as ornaments with ties, piping, and backing of a complementing cotton print, however this is but one possibility.

ENJOY!

Thank you for visiting! Come again.
